The College is committed to child safety, and we have a zero tolerance to child abuse. The College are guided by: [New Child Safe Standards Information Sheet.DOCX \(ccyp.vic.gov.au\)](#)

All adults have a responsibility to care for children and to protect them from any kind of abuse or neglect. The College is responsible to provide a safe environment for children and to provide an education which supports their social, emotional, spiritual, and physical well-being. We are entrusted by parents to care for their children as individuals created and valued by God.

Types of Child abuse

Child abuse has a significant effect on a child’s physical or emotional health, development, and well-being. The younger a child is the more vulnerable they are and the more serious the consequences are likely to be.

Types of child abuse include physical, emotional, neglect, medical neglect, sexual abuse, family violence and risk-taking behaviour.

Who can I talk to?

If you are worried about child abuse, for you or someone you know, there are people you can talk to.

It is a good idea to talk to an adult you trust about any concerns you have. That person may be a parent or relative, a teacher, our chaplain, or someone who works at the College. You may want to talk to more than one person about your concerns.

If you see harm occurring:

You can help the student who has been harmed, for example:

- Telling other students to move away or stop
- Get a teacher or school employee involved as soon as possible
- Tell the Principal/ Assistant Principal straight away about what you saw
- Write down what you saw and give the information to the Principal/Assistant Principal.
